On-Call Phone: 814-873-1298

Hours: Monday-Friday 8 PM – 6 AM
Saturday 3 PM – Monday 6 AM

1. CBB has a technologist on call for hours when the main facility laboratory is not staffed.
2. The on-call tech is available by Smartphone; however, the best option is a phone call rather than text.
3. The on-call tech is available for **STAT** inventory needs such as:
 - a. Washing of RBC's
 - b. Immediate blood product needs
4. The on-call tech has access to an overall inventory reflecting all of the CBB serviced hospital inventories. The on-call tech is best able to determine where products can be accessed. In addition, the on-call tech will arrange transport.
5. ANY call to the on-call tech should be for **IMMEDIATE** needs only.
6. Requests for routine shipments should wait until 6 AM the following morning when staff is available at CBB.
7. There is a \$100 fee to the requesting hospital if a technologist is required to come in to CBB to meet needs.
